And yet there are those who do not favor road improvement to the extent that they are willing to contribute their share of the expense."

—Lisbon Patriot: A lot of republican politicians, trying to break the influence and popularity of the democracy in the nation and state, are firing broad sides at Gov. Cox. The public understands very plainly that Cox does not represent Democracy—his doctrines are the antithesis of democratic principles. The rank and file of democracy have repudiated Cox. The party voters decided that it was better to clean house themselves than permit it to be done at the polls. Such men as Hogan, Donahy, etc., at Columbus, are all to the good.

—A St. Louis newspaper contained the following mention of the young lady who assists B. F. Phillips, formerly of North Jackson, in his jewelers' supplies establishment in Akron: When 17-year-old Ethel Gross of Akron, Ohio, was a youngster in Vienna she used to sit on her father's knee and listen to the tick of his watch. Now she makes watches—all by herself. And it's all because of the tick of daddy's watch. "Get an ambition, put it ahead of you, then follow it," said Miss Gross. "That's what I did. My ambition came when I heard that watch tick—and you don't know the thrill I get when I hear the first ticks of the watch I make myself."

Literary Note.

The latest packages of photographs received from Colonel Roosevelt had evidently been through some very heavy rains. They reach Scribner's Magazine carefully encased, but the moisture had penetrated some of the films and in a few cases they were spotted with mildew; however, the bulk of them when printed came out remarkably fine and the illustrations made from them for the May and June numbers are of great interest.

CONGRESSMAN WHITACRE'S INCREASED POPULARITY

For the Democratic Nomination for Governor is Shown by Reports From Many Ohio Counties.

Thirty petitions bearing the signatures of 1500 Democrats favoring the nomination of Congressman John J. Whitacre as the Democratic candidate for governor of Ohio have been received during the past week, at Whitacre headquarters from more than a score of counties widely scattered over the state. This does not include Stark county—Whitacre's home county—where about 8,000 signatures were obtained.

The eagerness of the democratic voters to sign these petitions backs up the expressions of revolt against Governor Cox and his methods received in letters in undiminished numbers by Congressman Whitacre each day.

Petitions are now in circulation in 88 of the 88 counties of the state and the number of men who have volunteered to circulate the Whitacre petitions is now close to the 700 mark. Petitions have been returned from these counties: Brown, Mercer, Wood, Tuscarawas, Columbiana, Van Wert, Delaware, Vinton, Fairfield, Erie, Monroe, Adams, Darke, Mahoning, Richland, Perry, Highland, Hardin and Auglaize.

Here are more excerpts from letters showing that the insurrection against Coxism instead of subsiding is rapidly growing.

Williams county—"Our township is democratic by 50 to 75 majority, and if Cox gets the nomination it will go republican by 75 majority. I have always been a democratic worker and am well acquainted with every voter in the township and I believe I am safe in saying that fully one-half of the democrats of this vicinity are against Gov. Cox."

Scioto county—"We prefer to select our own local officers and if they don't fill the bill we know how to remedy the fault by making them take a back seat. But how will we get rid of one of Cox's appointments? We don't like it and we intend to let him know about it at the primaries."

Trumbull county—"Mr. Cox cannot carry this part of Ohio. I have talked with a number of fellow democrats and they are all of this opinion."

Medina county—"When the primaries come there will be enough democrats at the polls to form a Boston tea party and show Cox by their votes what they think of him and his administration."

Preble county—"Gov. Cox is a dead one. As a central committeeman I will guarantee you the democratic support of this vicinity. Get in—the water's fine."

Greene county—"The Conservancy Act is one of the greatest pieces of monstrosity ever foisted upon the people. If we democrats of this vicinity have no other man to vote for besides Cox we will vote some other ticket. I cannot support Gov. Cox for any office however small and this is the opinion of the democrats in general."

Mercer county—"I am one of the trustees of Liberty township and a democrat a yard wide. But I will not vote for Cox in November. I hope we will have another good man on our ticket. In this township we have 300 democrats and 100 republicans but with Cox heading the ticket we can't even carry this township. We like to see our officers elected by the people and not by Cox."

Washington county—"Another term for Cox with the assistance of the same tools he had in the last House and Senate and our rights as freemen would go glimmering. Nothing to compare with the last administration in Ohio can be found in the history of any other state in the Union. It is not pleasant for democrats to be forced to repudiate the acts of a democratic administration but in this case we can do nothing else."

Monroe county—"A Cox petition was circulated in this community and the only man to sign it was a township assessor. The feeling against Gov. Cox is general all over this county."

Butler county—"In this banner democratic county of Ohio there is widespread dissatisfaction with Gov. Cox among the farmers. I am a farmer and an old time democrat and I do not approve of Cox's appointments."

Brown county—"The feeling against Gov. Cox among the farmers of Brown county is almost universal. Your candidacy is receiving a hearty welcome here."

Union county—"Never in the history of this township have I heard a state administration so universally condemned. The dissatisfaction is caused by disfranchising the voters by the Cox policy of substituting the power of appointment and the use of this power to further the governor's personal ambitions. I voice the sentiment of the whole community when I say that this policy has met with the disapproval of every loyal democrat."

Perry county—"I assure you that Mr. Cox can not get one-half of the democratic vote in this county, for many good reasons, and therefore the only hope of our party is in a new candidate."

Ottawa county—"I have the first person to meet who favors the Cox rule. One thing sure, I don't want any more machines built with the aid of my vote or any of my friends if I can help it."

Wood county—"We don't like a king. We are sorely disappointed with Gov. Cox. He is visionary and undemocratic. He is a menace to the party and he has endangered the success of the party in the state."

Crawford county—"This county is strongly democratic—but if a vote were taken now, Gov. Cox would not begin to carry the county. In one township, a relative of mine who had occasion to talk with every voter in it, reported that there were only eleven democrats for Gov. Cox. The township is normally democratic by 150 majority."

Tyler county—"The Lima 'Daily News': 'Old-time democrats are the real democrats. When you hear from the grayhairs who in past years would think as much of scratching a ticket as they would of falling to give thanks before they started in on the meal, then you know something. We hear from seven outlying townships and six nearby counties during the week. The townships were Spencer, Monroe, Perry, Bath, Marion, Richland and German; the counties were Van Wert, Mercer, Shelby, Auglaize, Paulding and Ottawa. If conditions are not changed in this ballcock, Congressman John J. Whitacre will carry the Northwest before the state primaries in August over Gov. James

M. Cox. Over in Spencer township and town the feeling is reported fifty to one in favor of Whitacre.

Lost Use of Limbs.

The Ravenna Republican says: Miss Jessie Kellor of Canal Dover, Ohio, who was teaching school at Belleville township at the time of the big snow storm last November that shut people in their homes, blockaded railroads and marooned travelers for days at a time, is now in Ravenna taking treatment in the hope that she may again be able to walk.

Miss Kellor walked a half mile from her place of abode to the school house on the morning of the storm and at the close of school started home in the same manner, encountering hardships of exhausting character but bravely fighting her way until she collapsed in a big drift in which she was engulfed for more than an hour before being rescued.

From that day to this, she has been unable to bear her weight on her feet, although taking continuous treatment, first in Newton Falls and later at Ravenna. She is now at a home on Pratt street.

The extreme hardship of her struggles in the snow precipitated paralysis in her limbs, and for five months she has been contending against conditions that would challenge the fortitude of the bravest spirit.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by a constitutional remedy. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

J. B. Hartman, Canfield, Ohio, says: "My back was lame and the kidney secretions burned in passage. One day when complaining of the trouble, a friend said he knew something that would fix me up right away, and that was Doan's Kidney Pills. I did not have much confidence in them, as I had tried other remedies without benefit. At any rate, I got a box and after I had taken three-quarters of it, I felt better. After I had finished two whole boxes, I was cured. The cure has been permanent."
